Haller, Raymond and Brown, Inc.
State College, Pa.

Gentlemen:

Reference is made to your letter dated 8 July 1957,

Inc., State College, Pennsylvania, in the approximate
amount of \$2500.00, under Contract AF33(600)35906.

The aforementioned subcontract has been approved based
on the urgent need for the equipment, its relatively small
amount, and the contractor's assurance that this subcontractor
has been a consistently low bidder on similar work.

The contractor in future subcontracting should solicit
three bids unless specific approval is granted to do otherwise.

Very truly yours,

[REDACTED]

Dear Bob:

I have discussed our contract with the security people and they feel that this contract should not be assigned or used for a loan.

Our paying office has indicated that on progress billings provided by your contract that payment normally will be made in less than 7 days after receipt of your invoice. You would, of course, have to add to this the mailing time both ways.

Very truly yours,
